TABLE OF CONTENTS

ACT I. NAMING ORIGINS
The Inspiration.

Choices that sustain the future are precious at their core.

With a eye for detail, matter takes on meaning.

At the origin of Spanish marbles, a jewel is born.

Or + Cacau

A recipe that matches the exact proportion of its parts.

A close-up photograph of a pile of dark chocolate pieces and coins on a dark, textured surface. The chocolate is broken into various sizes and shapes, with some pieces showing a lighter, possibly caramel or nougat filling. Small, round, metallic coins are scattered around the chocolate. The lighting is dramatic, highlighting the rich brown color and shiny texture of the chocolate and the metallic sheen of the coins.

An intense backdrop opens.

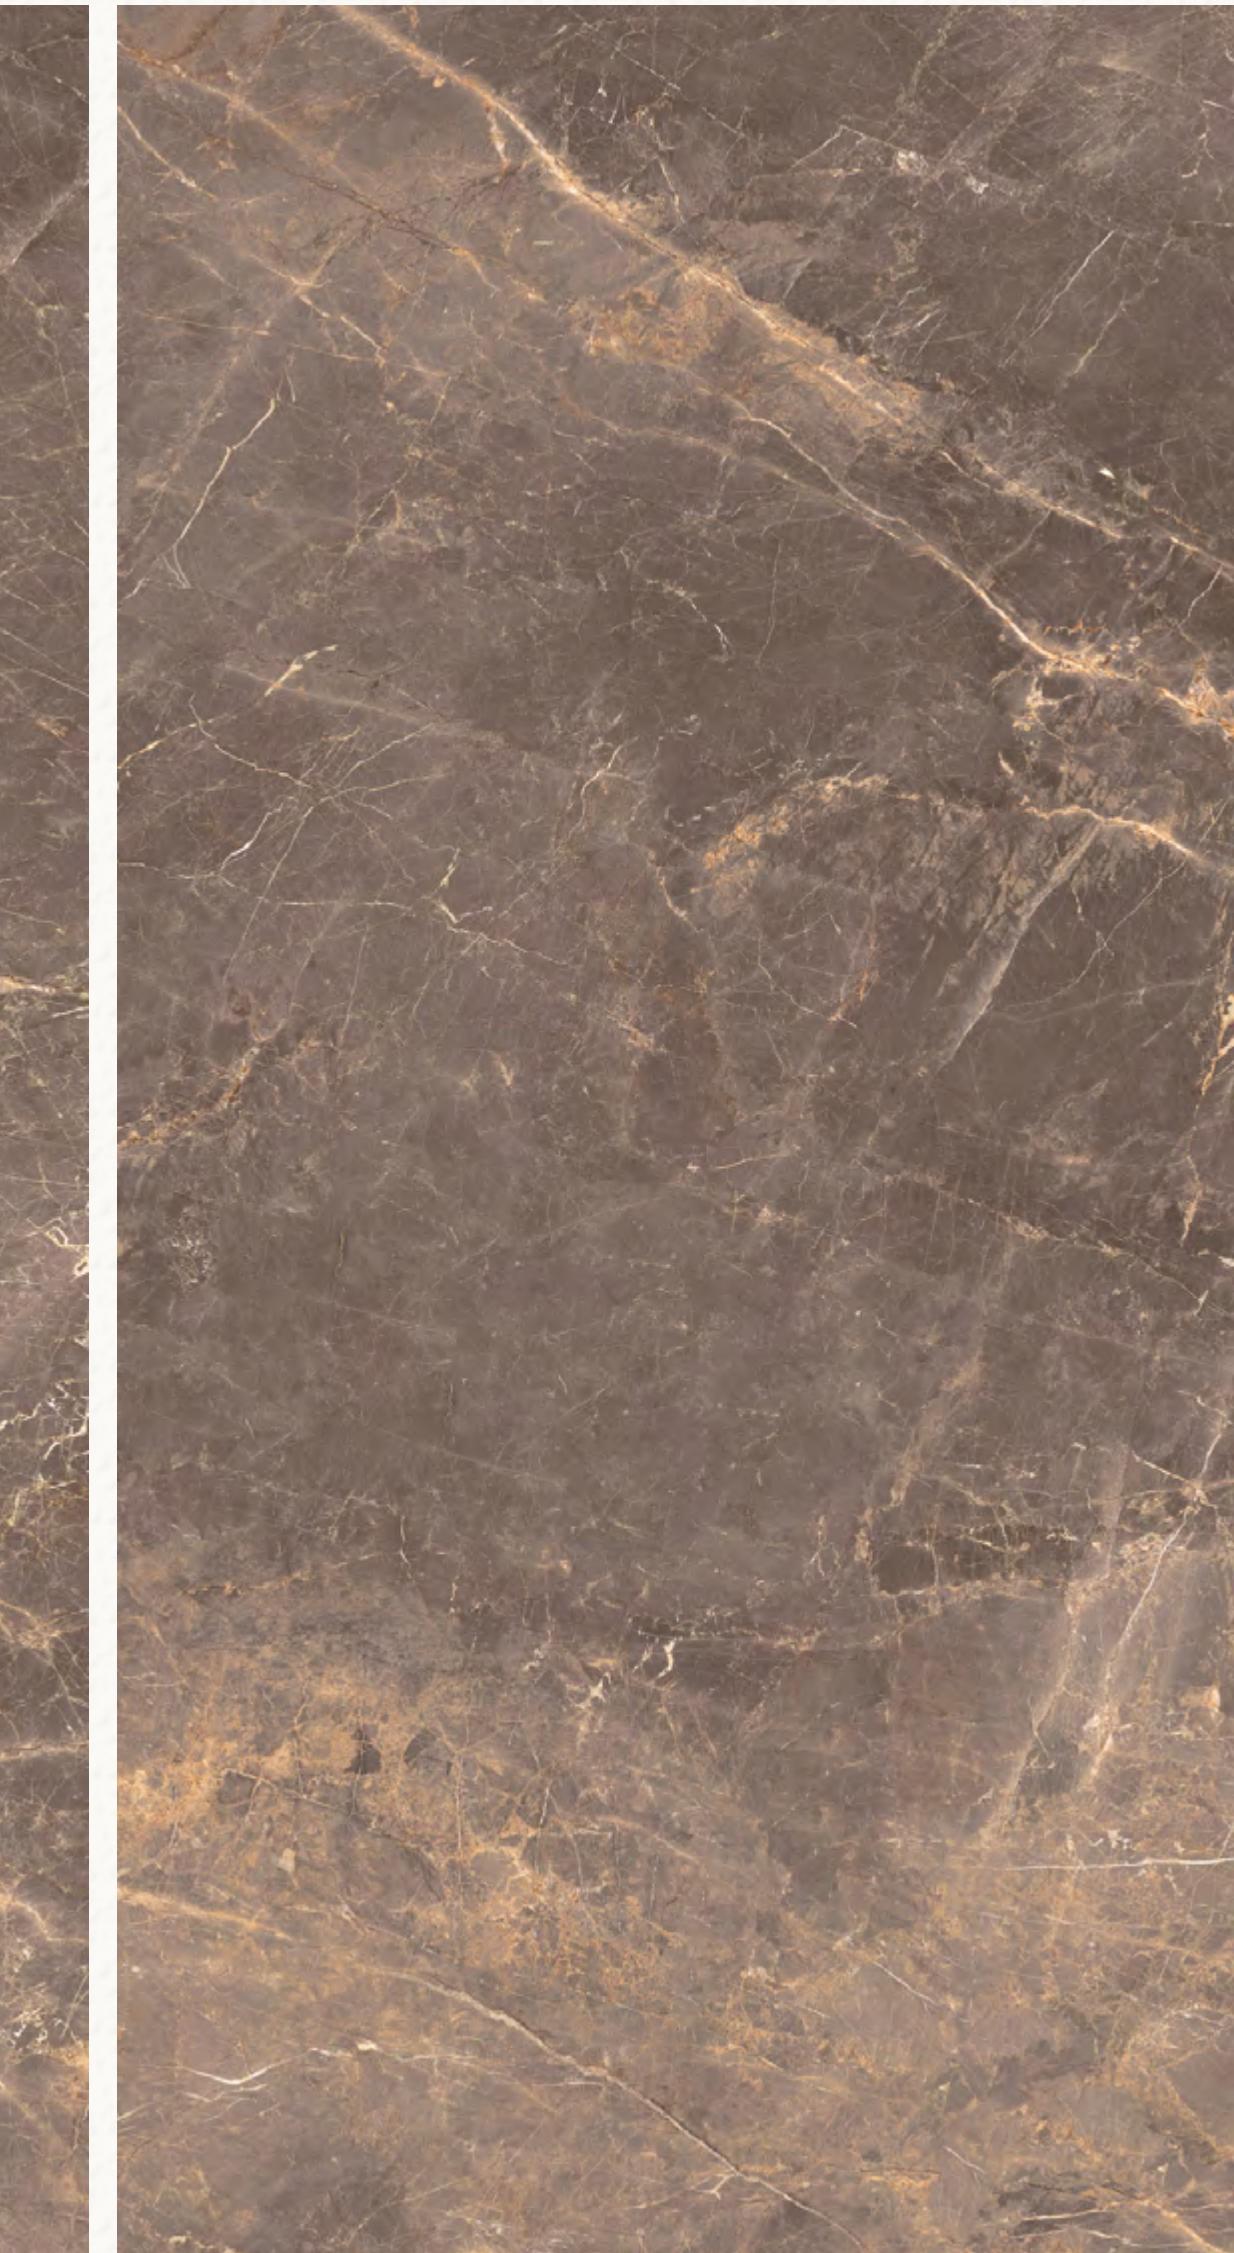

Covered by golden veins that make it shine.

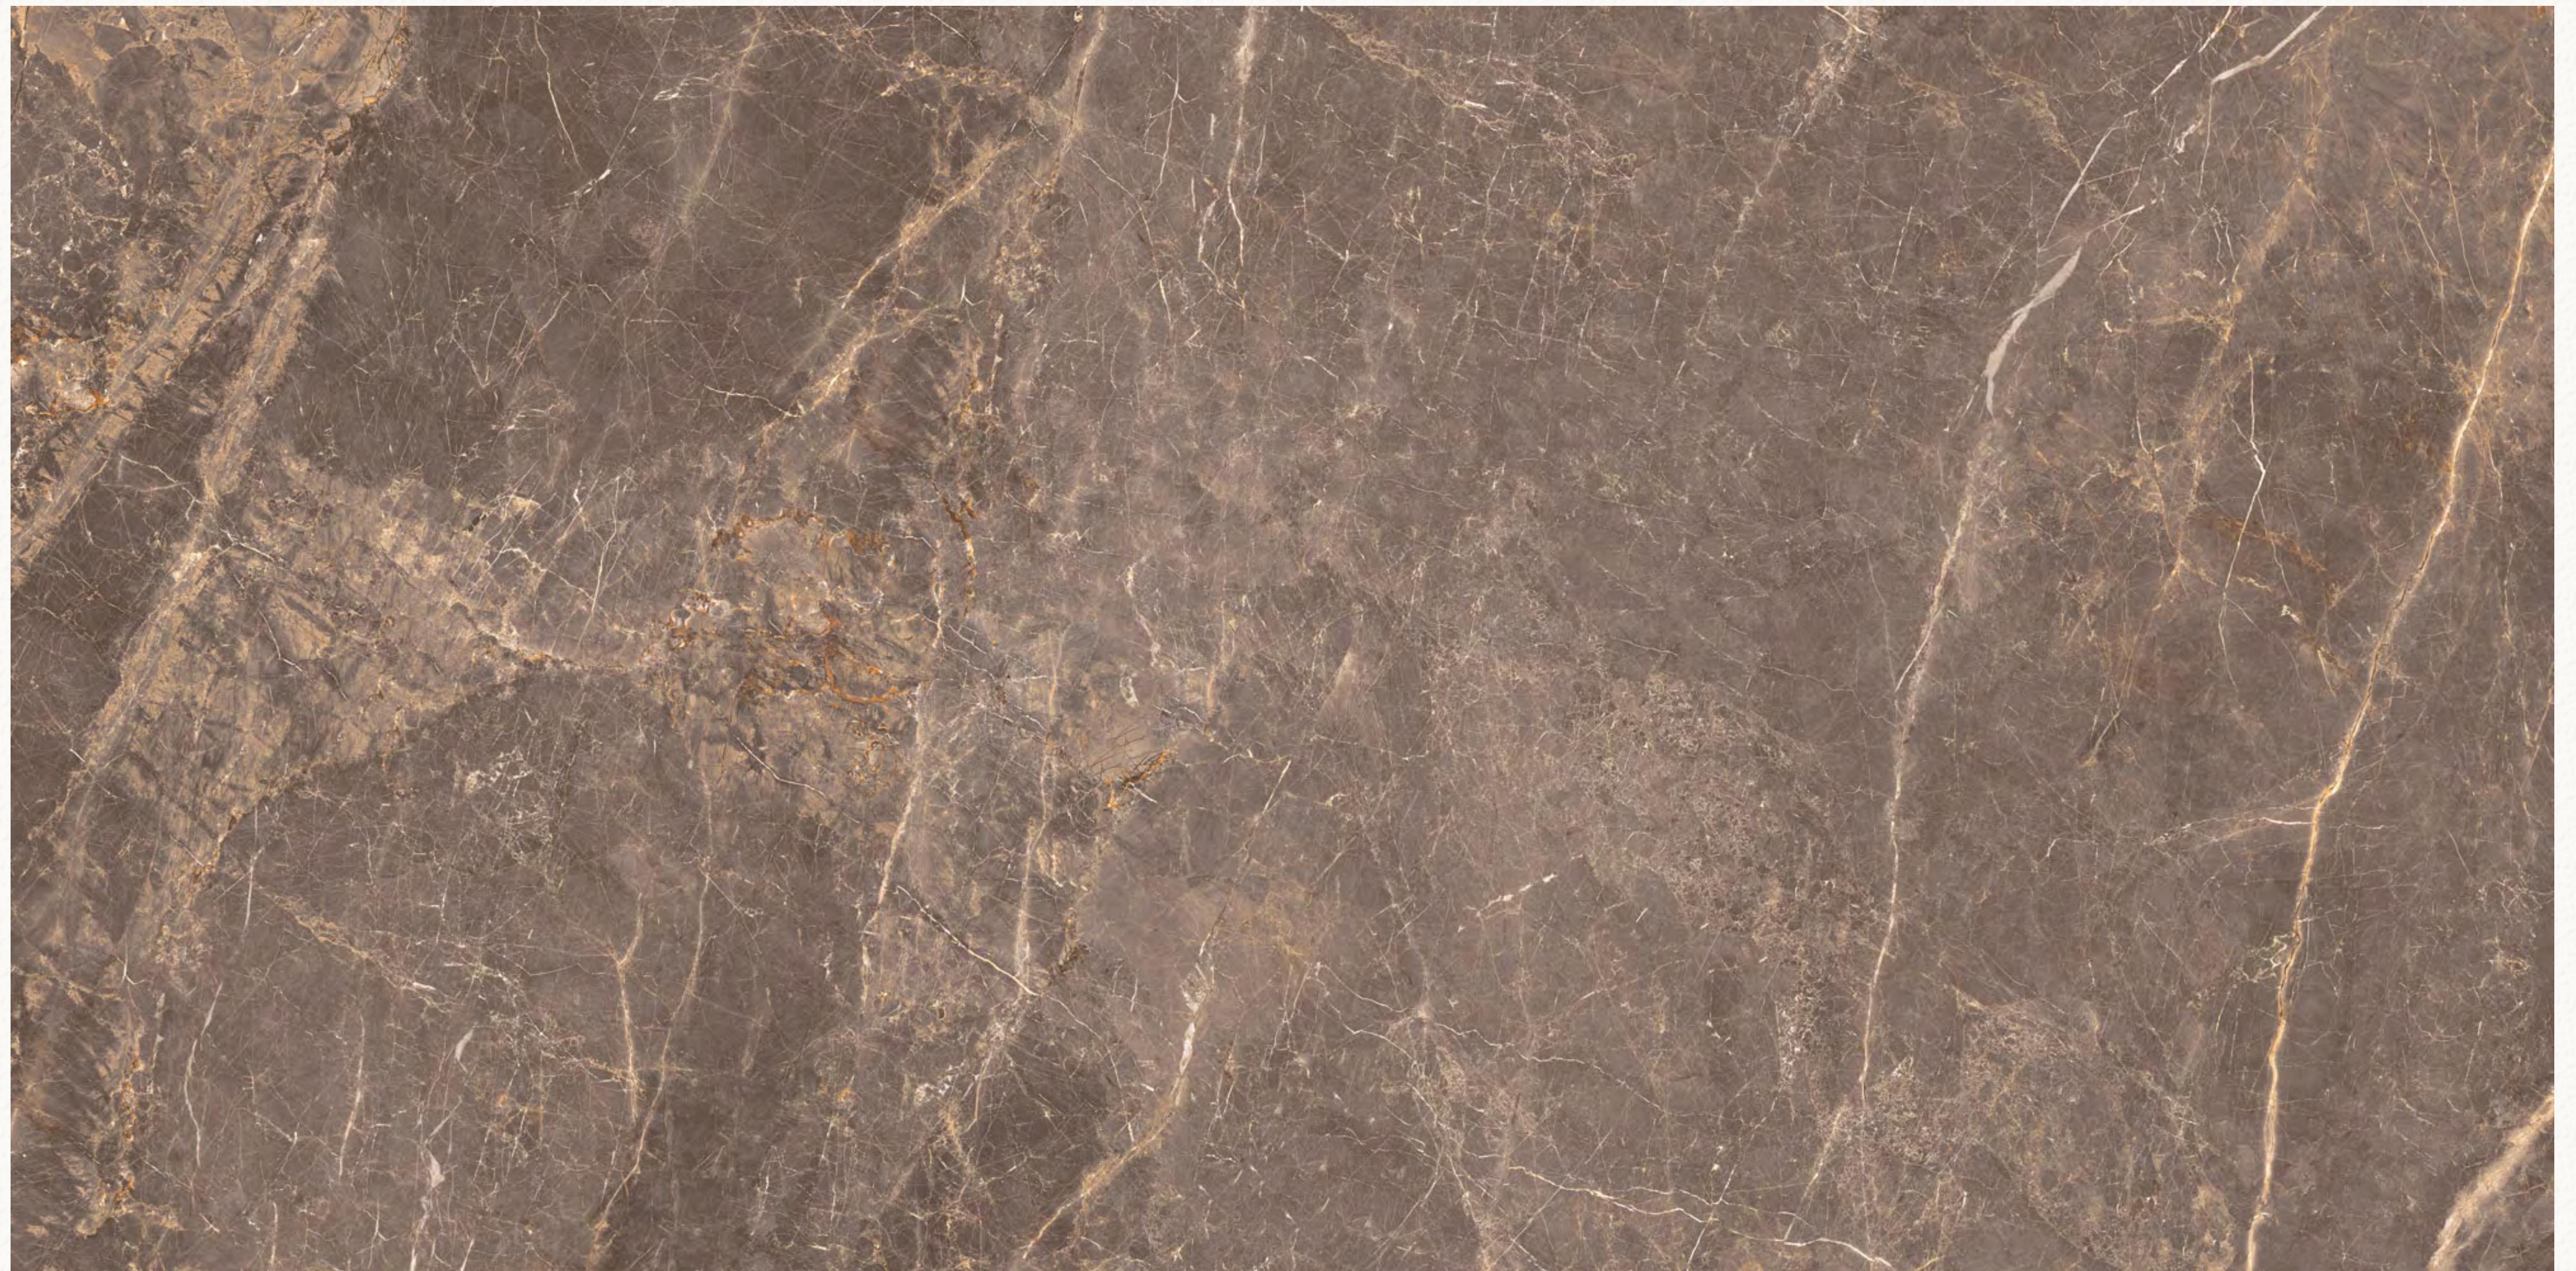

Surfaces that reflect our own nature.

Pure gold over intense cocoa.

The missing jewel in the portfolio.

90x180

An ever-expanding unlimited universe.
With each new discovery possibilities are multiplied.

ACT IV. GOLDEN SCENARIOS
A Portobello invitation.

Romero Duarte

Marila Filártiga
and Beto Gebara

Brand|Boeing Arquitetura

"The product is very versatile, which favors specification in projects of different styles and applications. The composition of Golden Cocoa in different sizes provides a continuous reading of the environment."

Romero Duarte

The product is very versatile, which favors specification in projects of different styles and applications. The composition of Golden Cocoa in different sizes provides a continuous reading of the environment."

Marila Filártiga and Beto Gebara

"The natural lighting that enters the environment, highlights the product's golden veins and the timeless tone of the "cocoa" ensures that the aesthetic remains flawless and cozy. In essence, the "Or de Cacau" resumes the luxury and magnificence of marbles."
